

Tartak Dobroszyce

Dobroszyce sawmill is expansive and dynamic company with long tradition. The area of our action takes place all over the country. We are the leading producer of wood manufacture. Due to the control of the whole process, which starts with buying the right raw material in Polish woods, we are able to guarantee the highest quality of our panelling, stairs, furniture as our other articles. The combination of the most modern technologies with the tradition, let us to satisfy expectations of our clients in European Union as well as in USA.

Dobroszyce Sawmill is the trademark, which appoints new standards of 'wood made articles' quality, especially of things made of beech wood.

That is why, we have started the production of our own upholstery furniture under the trademark 'Crane Exolution'. We guarantee the highest quality of furniture, confirmed by our long lasting cooperation with the leading furniture companies in our country, as well as, foreign ones.

We have specified goal and we accomplish it owing to our well qualified staff. The owner, management, sales department and production department, all together we make modern and well-organised team: 'Crane Exolution' - 'Dobroszyce Sawmill'.
